ACTIVITY

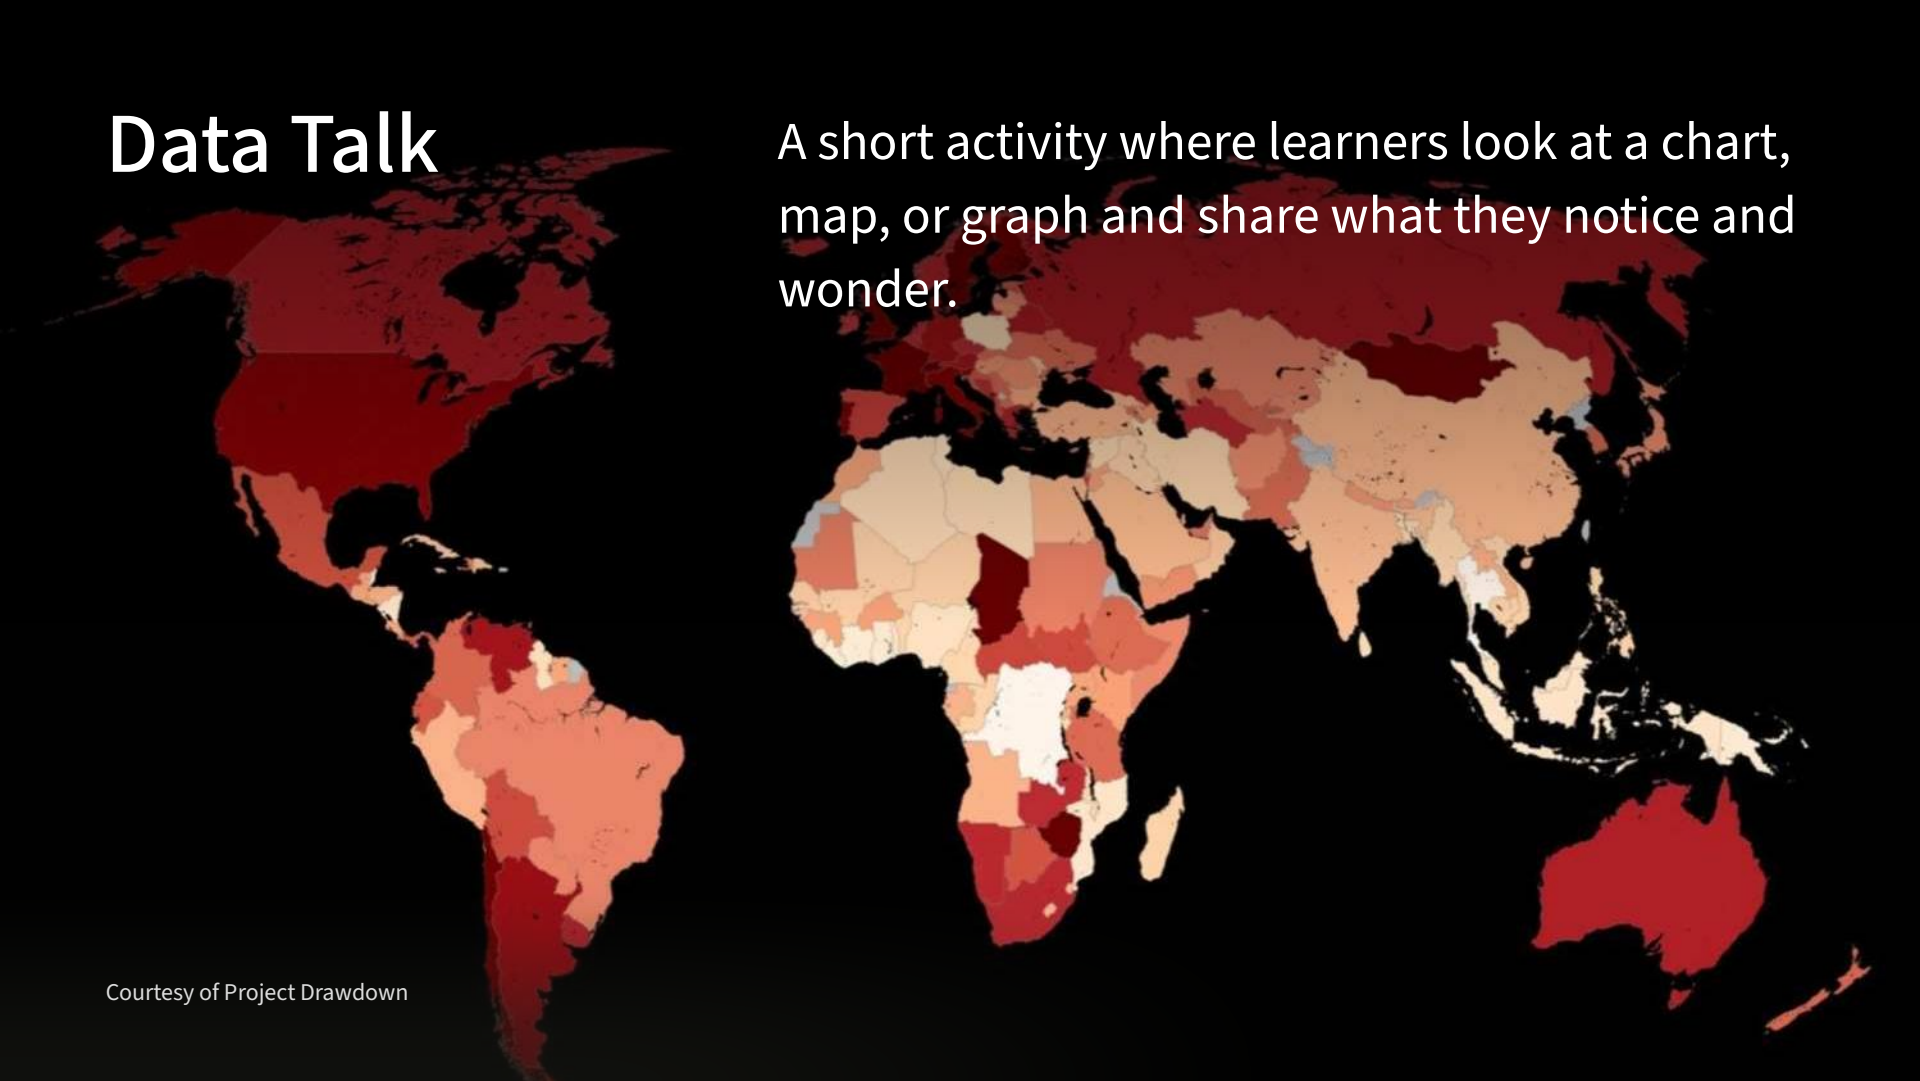
Food Data Talks

ESSENTIAL QUESTION

How do human actions shape the global food system?

Data Talk

A short activity where learners look at a chart, map, or graph and share what they notice and wonder.



Courtesy of Project Drawdown

food system

All the people, places, and steps involved in bringing food to our community.

fish stocks

Populations of the same type of fish living in a specific area.

food waste

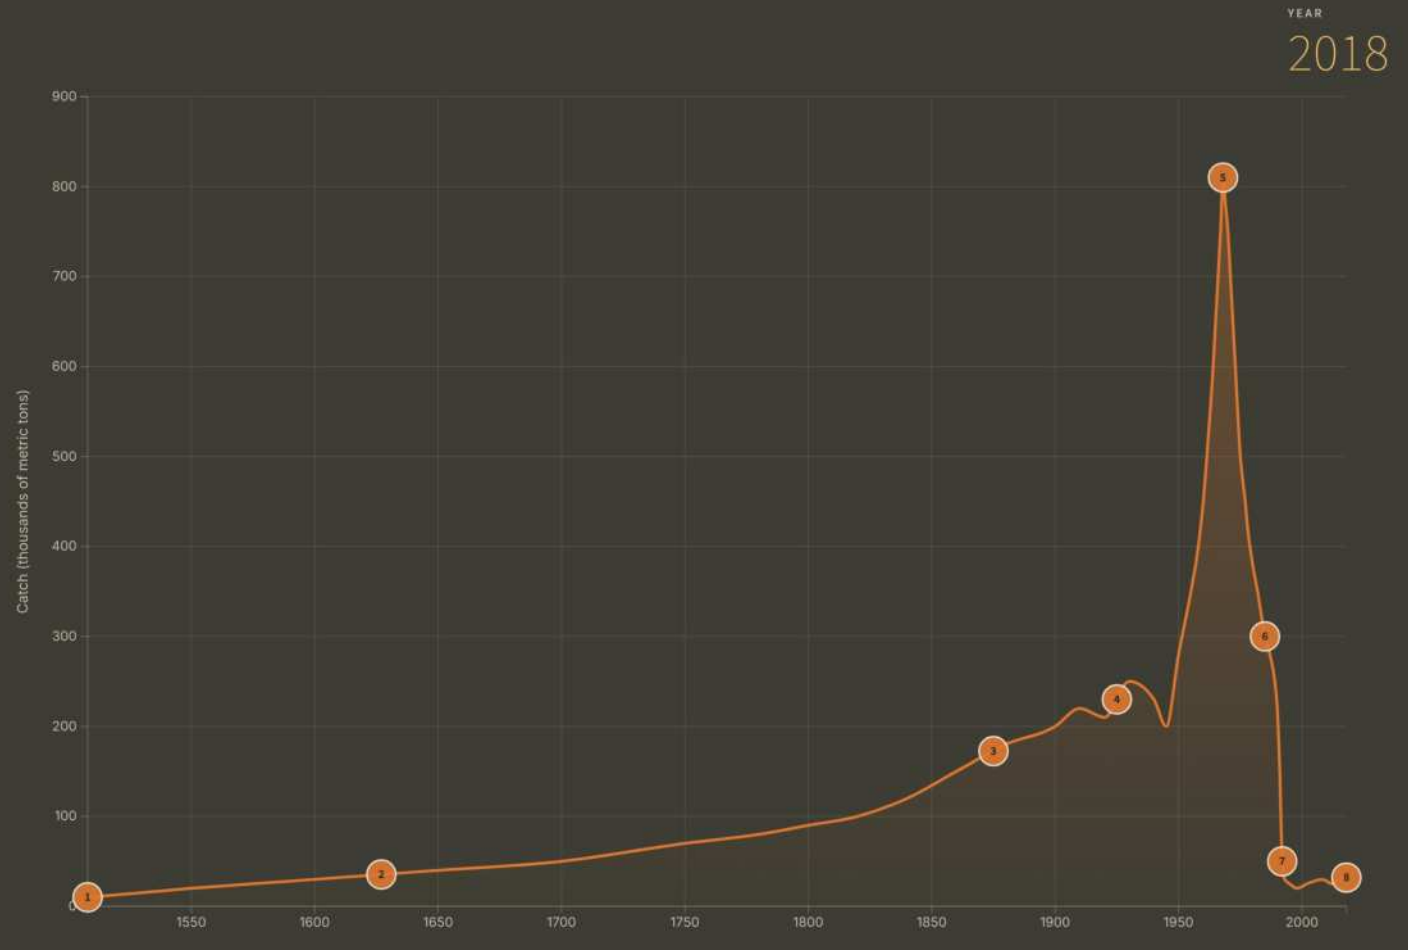
Food that could have been eaten but was thrown away or left to spoil.

undernourishment

When people do not get enough food and nutrients to stay healthy over time.

DATA TALK

Cod Catch



Annual catch of North Atlantic cod, in thousands of metric tons, 1508 to 2018.
